Headteacher's News

We are aware with changes in patterns of working that parents are looking for more options with nursery provision. Therefore, next year as well as the 15 hours options of every morning, every afternoon, and two and a half days a week; we will also be offering 30 hours. If you know anyone who may be interested, we are currently completing nursery tours. Please see the website for more details.

Thank you for all your generous donations at the Key Stage 2 Christmas Carol Service at St Michael's church. I am delighted to tell you that we raised in total £170.00 for the Isabel Hospice in memory of Debbie Baldock, an ex-member of staff and parent, as well as supporting St Michael's church, which is a magnificent venue for our service.

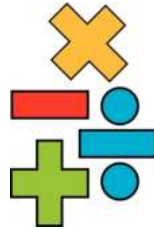

We have a large number of pupils missing learning by being taken out of school. Please try to book dental appointments etc. after school or in the school holidays. If your child is in year 1, 4 or 6, please remember that they will be participating in **national assessments** during the summer term. Please ensure that holidays are not booked at these times. We appreciate your support in this matter.

Have a lovely weekend.

Enriching the Curriculum

Developing your child's mathematical fluency

The development of mental fluency unpins much of the mathematics curriculum. Instant recall of facts including number bonds, doubles/halves and times tables helps enormously with mental agility. When children move onto written calculations and abstract methods, knowing these key facts is crucial. Recently, we have introduced 'KIRFS', 'Key Instant Recall Facts', to help our children learn the key facts they need for future learning. Please see our website or ask your class teacher for more information about this. For children to become more efficient in recalling facts easily, they need to be practised frequently and in short bursts. The secret to success is practising little and often. Use time wisely: Can you practise whilst walking to school or during a car journey? Can you play games with playing cards or dice to practise addition, subtraction and multiplication facts? Board games such as Snakes and Ladders are also great ways of practising number recognition. There are lots of games online which practise these skills. Websites such as [Topmarks](#), [Mathsisfun](#) and [BBC Bitesize](#) are useful and don't forget we also have subscriptions to [Mathletics](#) and [Timestable Rockstars](#).

In Class Learning

In computing, **Year 2** have been learning about robot algorithms. This week they made their own algorithms and programmed robots to follow a set of instructions. Also in DT, they have been learning about vehicles. This week they were looking at different types of axles and wheels and explored the best materials to use to make these vehicles.

Safeguarding

Please find the link below for NHS guidelines on childhood ailments. This is a good guide for parents when deliberating if your child is well enough to come to school. <https://www.nhs.uk/live-well/is-my-child-too-ill-for-school/>

Enriching the Curriculum

This term Year 4 are working on their topic 'Oceans and Rivers'. The children were set art homework last week, in which they had to create their own seascapes based on the style of either the English watercolourist William Turner, who's marine paintings are turbulent yet soft or the Japanese painter/printmaker, Hokusai who's work is very graphic. I am sure you would agree that they have produced some wonderful images. Well done children!

Sporting News

On Thursday a mixed group of Year 5 and 6 children from Northgate took part in a sports hall athletics competition at Birchwood. There were 11 schools taking part.

All participants did really well and had a lot of fun.

Today a group of pupils from Year 3 and 4 had the opportunity to compete.

On the 18th, 16 children from year 5 & 6 attended an athletics competition at Birchwood. Participating in the event were 11 schools from Bishopscleeve. The event featured events including javelin, chest push, 100m sprint and speed bumps. At 3:00pm, we started the track events which were as follows; 1st mixed, obstacle course, over and under, taxi, and 8x1 mixed. We were consistently updated and were placing 1st every time, but despite our facilities and efforts as a team to place second over all. Well done to everyone who competed and raced.

Reception and Nursery Applications

The Northgate Nursery Application Form for September 2024 is now open.

This is the application form for children, born between **1st September 2020 and 31 August 2021**, who would like to attend Northgate Nursery for **term time only**. Please click the following to apply or visit our website for more information <https://www.northgate.herts.sch.uk/web/admissions/342699>

Reminders and Updates

Dilys, Niamh, Susie, Martha and Abi are organising a bake sale next Friday for KS2, to raise money for the Isabel Hospice. There will be various cookies and cakes from £1.00 to £2.00.

Winter clothing

As we find ourselves in the midst of a chilly spell, we kindly request your attention to ensure your child is dressed appropriately for the weather and equipped with suitable winter attire. This includes hats, gloves, scarves, tights and, notably, avoiding shorts during this colder period. Next week is forecast to be wet, so please make sure your child has a suitable coat for wet weather. Your cooperation in this matter is greatly appreciated.

PE uniform

Children must wear bottle green joggers in winter for the days they have PE lessons. We know that you can buy these on Amazon or look out for them on our preloved uniform rack in the office reception.

Please note that nail varnish is not allowed to be worn at school.

Celebration of Achievements

This week's stars of the week were:

Nursery: Skye and Larna

R1: Fintan **R2:** Vanya

This week our 'Learner of the Week' focused on "Maths" Well done for: working hard to increase participation and independence in maths lessons, beautiful presentation in their maths book, completing all challenges successfully and always being fully engaged throughout maths lessons, fantastic and neat workings out in maths when looking at division, exceptional effort in all of their maths work this week, outstanding work, trying their hardest in interventions, approaching mathematical challenges with a smile and going above and beyond by doing extra practise at home, fully applying themselves and giving 100% in every maths session, making lots of progress and despite finding it hard, persevering with ordering fractions by finding common denominators, excellent work in their multiplication topic, building confidence to complete the hot task and extension work too!

Go Henry Partnership

Our PTA partnered with the GoHenry PTA Members' Programme in September last year and we are now starting to see commission come through. Thank you!

Every parent that signs up using our unique referral link will get six months free membership and £5 free pocket money. £15 will be donated to the PTA when a parent signs up using the following link: <https://gohenry-uk.sjv.io/c/4840050/1601466/8511>

Tesco Blue Coin

Just a reminder that Northgate Primary School is one of the blue coin charities in local Tesco stores from mid January until mid March 2024.

The school will receive between £500 and £1500 depending on how many votes we get, so please be sure to pick up a token and vote for us whenever you are in store.

We have applied for funding for 'Northgate Lunchtime Resources' as we would love to buy additional sensory, gardening, sports, music and quiet time resources to improve the students' lunchtime experiences.

PTA Events

Please view our Facebook page to see all our upcoming events. Lots coming up over the next few months! Watch out for our posters in the noticeboard on the front gate too.
