Approved on: 2nd October 2017
Review Due: October 2019

Introduction

Northgate Primary School welcomes a diversity of pupils and aims to offer a truly inclusive learning experience and a broad and balanced curriculum for each and every one of our pupils, no matter their needs. We want all pupils to enjoy coming to school, to feel safe and included and to be able to access appropriate challenge so that they are able to achieve their full potential. The purpose of this plan is to show how Northgate Primary School intends, over time, to increase the accessibility of our school for disabled pupils.

Definition of Disability

According to the Equality Act 2010, a person has a disability if: a)

He or she has a physical or mental impairment.

b) The impairment has a substantial and long-term adverse effect on his or her ability to carry out normal day-to-day activities.

Legal Background

Under the Equality Act 2010 all schools must have an Accessibility Plan. The Equality Act 2010 replaced all existing equality legislation including the DDA. The effect of the laws is the same as in the past, meaning that 'Schools cannot lawfully discriminate against pupils because of sex, race, disability, religion or belief and sexual orientation'.

Statement of intent

This plan outlines the proposals of the governing body of Northgate to increase access to education for students with disabilities in the three areas required by the planning duties in the Equality Act 2010.

1. Increasing the extent to which students with disabilities can participate in the school curriculum;
2. Improving the environment of the school to increase the extent to which students with disabilities can take advantage of education and associated services;
3. Improving information delivery to students with disabilities.

Review and Evaluation:

The plan is valid for three years 2017-20. It is reviewed annually.

The governing body also recognises its responsibilities towards employees with disabilities and will:

- Monitor recruitment procedures to ensure that persons with disabilities are provided with equal opportunities;
- Ensure that employees with disabilities are supported with special provision to ensure that they can carry out their work effectively without barriers;
- Undertake reasonable adjustments to enable staff to access the workplace.
